Rotary, UN celebrate special relationship

By Ryan Hyland

Rotary International News – 9 November 2011

More than 1,000 Rotarians, UN officials, Rotary youth program participants, and guests celebrated the special relationship between Rotary and the United Nations on 5 November.

Rotary-UN Day, held annually at United Nations headquarters in New York City, included panels on health, water, and literacy, highlighting Rotarian projects that advance the goals of the UN and improve lives around the world.

Kiyo Akasaka, UN undersecretary-general for communications and public information, commended Rotary for its ongoing collaboration with the United Nations to improve the health of children worldwide, and for its contribution to polio eradication.

"Our shared vision for a safer and better world is what brings us together here today," Akasaka said. "It's your model of Service Above Self and your sterling results in improving health that makes Rotary one of the most important partners of the UN."

Peace and justice

Both organizations are striving to create a more peaceful and just world, noted RI President-elect Sakuji Tanaka.

"If you were to seek the one idea, the one goal that is at the core of Rotary, you would find the same goal that you find in the charter of the UN: to practice tolerance and live together in peace with one another as good neighbors," Tanaka said.

Timothy E. Wirth, president of the United Nations Foundation and Better World Fund, stressed the importance of partnerships.

"Secretary-General Ban Ki-moon recognizes that every problem the UN faces cannot be [solved] by the UN alone," he said, adding that Rotary's "understanding and commitment to partnerships will make so many of these goals we share possible."

Partnerships

Rotary is committed to partnering with organizations like the UN, said John Hewko, RI general secretary.

"Rotary is learning by experience that it can accomplish more in concert with others than it might on its own. Work-

ing together multiplies our success: one plus one equals three," Hewko said. "This new formula provides a unique opportunity to enhance humanitarian service, which is what Rotary is all about. It helps build understanding and peace -- the mission of Rotary and the UN."

Zulfiqar A. Bhutta, head of the Division of Women and Child Health at Aga Khan University, discussed the strategic partnership between the university and Rotary, and the challenges of promoting maternal and child health in developing countries in Africa and parts of Asia.

More than 300,000 women die each year from complications related to pregnancy and childbirth, Bhutta said. "Our biggest challenge is reaching these poor women, families, and infants to give them adequate health care."

"I believe we are at the beginning of the journey with Rotary International to improve child and maternal health in the hardest-to-reach places in Central and South Asia and Africa," he added.

Other panelists during Rotary-UN Day included Jacob Kumaresan, executive director of the World Health Organization, New York; Paul Edwards, senior adviser for UNICEF on water, sanitation, and hygiene; Ginny Wolfe, senior director of U.S. communications for the ONE Campaign; Philippe Kridelka, director of UNESCO, New York; and Ron Denham, chair of the Water and Sanitation Rotarian Action Group.

Rotary, which has a 66-year history with the UN, holds the highest consultative status offered to any nongovernmental organization by the Economic and Social Council, which oversees many UN agencies.

Public Relations Plan

Public Relations Plan

Main target:

To get more citizens aware, especially those who leave in Nicosia area, about our club, and our activities. What is Rotary, who are the Rotarians, what does Rotary do. Specifically, we should try to overcome and to clarify a misunderstanding and a misperception that runs across a lot of people in Cyprus that Rotary is a kind of a "sect" (heresy). This is a quite negative approach from a lot of people in Cyprus that affects the expansion, the role and the function of our club and our organization in general, especially in Cyprus a country with citizens that have very strong bonds to their religion. Also, we should seek and aim to expose and to promote most of our major activities, through the media (local and national).

Use of media:

In our days the use of media, especially electronic media, is a very powerful, important and effective tool (and vehicle) in order to promote and to inform the public about our organizations and our club's activities. We are listing below some of our initial suggestions regarding the promotion of our club's activities through the media:

- Prepare and send press (news) releases to all media (electronic and printed) regarding our major activities.
- Arrange the participation of our President and/or other Board members to various local radio programs, in order to speak and to explain the role, the function and the importance of our organization and especially our Nicosia-Lefkothea club.
- Inform the media (especially some "key" media

persons and journalists) but also the public, in general, about our official web-side, so they can visit it and get the appropriate information. They could also have a link to our weekly electronic bulletin in order to follow our meeting activities and other general activities and projects of our club.

Events that could be attractive to the media:

We should organize specific events that are attractive both to the media and to the general public.

Such events could be "tea - afternoons", dinners, special "theme" nights, or special nights (parties) at a local night club (such event could be also attractive to younger people). We can also organize special events like a Christmas Gala dinner, a Carnival dance dinner, a Saint Valentine's Day special dinner, an Easter lunch day, out in the fields, with the traditional lamb "suvla", etc. We can invite one or two notable, expert speakers (according to specific subjects and fields) well known Doctor, or a well known media personality, to give a speech thus, organizing an event open to the general public. For all these events and activities we can always collaborate with other local clubs.

Local government officials:

We could arrange meetings of our Board Members with high positioned local government officials in order to inform them about our activities, our efforts to support and to help the society through our charity activities and events and to make them aware about our existence and our function, especially in the district of Nicosia. Such meetings will be largely covered by the media.
