India presses its advantage against polio

By Dan Nixon

Rotary International News – 23 November 2011

With just one case of polio reported in the last 10 months, India is more determined than ever to ensure eradication of the disease.

As part of that effort, Rotarians helped administer bivalent oral polio vaccine to more than 35 million children during a Subnational Immunization Day on 13 November. The vaccine is effective against the two remaining types of the virus.

Sporting their signature yellow vests and caps, the Rotarians also helped organize free health camps and polio awareness rallies, as well as distribute banners, caps, face masks, comic books, and other items to the children.

On 20 November, a team of Rotarians from District 3700 (Korea) served in a health camp in Meerut, Uttar Pradesh, which included immunization of children against polio. The camp was organized by Indian Rotarians in cooperation with local health officials and UNICEF.

The following day, the team took part in a door-to-door mop-up campaign, administering vaccine to children who otherwise would have missed receiving it. A TV news crew from Korea accompanied the Rotarians throughout their visit, taking the End Polio Now message back to their country.

And in Mumbai, Rotary leaders John Germ, chair of Rotary's US\$200 Million Challenge Committee; Rotary Foundation Trustee Ashok Mahajan; and RI General Secretary John Hewko joined Indian Rotarians in immunizing children.

"This year, there have been just over 500 cases worldwide. The fact that only one of those cases is in India is a tremendous achievement that reflects the determination of the nation's leaders and its citizens to finally rid their country -- and the world -- of this terrible scourge," Hewko wrote in an article published earlier this month in the [Hindu Business Line](#).

India's next National Immunization Days are scheduled for January and February, and a series of supplementary activities are planned through June. At the same time, intensive surveillance for the wild poliovirus is continuing throughout the country.

"Rotary has invested heavily in surveillance in India over the last 12 months," said Bruce Aylward, the World Health Organization's assistant director-general for polio eradication and related areas, at a September meeting of Rotary's International PolioPlus Committee. "That's the reason we can say with confidence that we think we're getting close to zero [cases] in India."

Three generations traveling to Bangkok in May

By Arnold R. Grahlf

Rotary International News – 22 November 2011

William, Denver, Renee, and James Simmermon at a recent Rotary club meeting. Three generations of the family -- William, Denver, and James -- plan on attending the 2012 RI Convention in Bangkok, Thailand, (bottom).

Three generations of the Simmermon family are planning to attend the [2012 RI Convention in Bangkok, Thailand, 6-9 May](#).

The convention will be the ninth for James E. Simmermon, 85, a member of the Rotary Club of Oakmont Verona, Pennsylvania, USA, who attended the New Orleans convention last year. He says that hearing Bill Gates, cochair of the Bill & Melinda Gates Foundation, commend Rotarians for their polio eradication efforts ranks as one of the highlights of his Rotary experience.

When James suggested making the 2012 convention a family affair, his son William, a member of the Rotary Club of Highlands Ranch (Littleton), Colorado, agreed. And William and his wife decided that the convention would be an invaluable experience for their son Denver as well. The middle school student is involved in the district's youth leadership program.

"The opportunity to spend time with my father, and for us to experience a big Rotary event together, is priceless," William says. "I have traveled around the world for business, and I have been to Bangkok before. I sort of see this as a once-in-a-lifetime experience, to have three generations of my family going."

New perspective

For his part, James feels every Rotarian should attend at least one convention.

"You get a whole new perspective on what Rotary does," he says. "You may know a lot about what your own club is doing, but when you get to a convention, you gain a better understanding of what Rotary is doing around the world."

William, who has been a Rotarian for six years, says he took part in service projects with his dad as a child and attended Rotary club lunches. Now he is making a deliberate effort to include his family in the Rotary experience.

"My wife and son attend meetings and club activities, so Rotary does not conflict with family time," William says. "It has enhanced our family time because we are all there together."

William says Rotary also helps him as a parent. "The same values Rotary stands for are values we believe in as a family. We want to pass along those values."

Public Relations Plan

Public Relations Plan

Main target:

To get more citizens aware, especially those who leave in Nicosia area, about our club, and our activities. What is Rotary, who are the Rotarians, what does Rotary do. Specifically, we should try to overcome and to clarify a misunderstanding and a misperception that runs across a lot of people in Cyprus that Rotary is a kind of a "sect" (heresy). This is a quite negative approach from a lot of people in Cyprus that affects the expansion, the role and the function of our club and our organization in general, especially in Cyprus a country with citizens that have very strong bonds to their religion. Also, we should seek and aim to expose and to promote most of our major activities, through the media (local and national).

Use of media:

In our days the use of media, especially electronic media, is a very powerful, important and effective tool (and vehicle) in order to promote and to inform the public about our organizations and our club's activities. We are listing below some of our initial suggestions regarding the promotion of our club's activities through the media:

- Prepare and send press (news) releases to all media (electronic and printed) regarding our major activities.
- Arrange the participation of our President and/or other Board members to various local radio programs, in order to speak and to explain the role, the function and the importance of our organization and especially our Nicosia-Lefkothea club.
- Inform the media (especially some "key" media

persons and journalists) but also the public, in general, about our official web-site, so they can visit it and get the appropriate information. They could also have a link to our weekly electronic bulletin in order to follow our meeting activities and other general activities and projects of our club.

Events that could be attractive to the media:

We should organize specific events that are attractive both to the media and to the general public.

Such events could be "tea - afternoons", dinners, special "theme" nights, or special nights (parties) at a local night club (such event could be also attractive to younger people). We can also organize special events like a Christmas Gala dinner, a Carnival dance dinner, a Saint Valentine's Day special dinner, an Easter lunch day, out in the fields, with the traditional lamb "suvla", etc. We can invite one or two notable, expert speakers (according to specific subjects and fields) well known Doctor, or a well known media personality, to give a speech thus, organizing an event open to the general public. For all these events and activities we can always collaborate with other local clubs.

Local government officials:

We could arrange meetings of our Board Members with high positioned local government officials in order to inform them about our activities, our efforts to support and to help the society through our charity activities and events and to make them aware about our existence and our function, especially in the district of Nicosia. Such meetings will be largely covered by the media.
