RC Nicosia Lefkothea End Polio Now Awareness Campaigns

RC Nicosia Lefkothea End Polio Now Awareness Campaign Billboard

The Rotary "End Polio Now" campaign is an international initiative undertaken by Rotary to eradicate the polio virus from the world. Rotary International, along with the World Health Organization, CDC, UNICEF and the Bill and Melinda Gates Foundation have made significant progress towards this goal, reducing the number of cases from 350,000 in 1988 to only 15 in 2023. The campaign aims to vaccinate every child in the world against polio, and eradicate this debilitating disease once and for all. This effort requires the support of governments, health organizations, and individuals around the world to achieve this goal and create a polio-free world.

On the occasion of the Polio Day that took place on October 24th and the Rotary "End Polio Now" awareness campaign, the Rotary Club of Nicosia Lefkothea worked on an awareness billboard. The big sized billboard (height 3m x width 3.8m) that includes our club's Rotary logo was on display from October 7th till Nov 3rd to guarantee maximum awareness about Polio and Rotary. The billboard was located on a prime location in Nicosia (Av Ifigenias / Armenia Street traffic light).

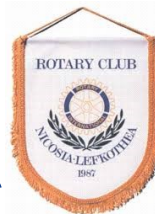

Members of the Rotary Club of Nicosia Lefkothea took a group picture next to the Billboard on October 24th holding End Polio Now signs.

A special thanks to Rotarian Panayiota Georgiou who thanks to her efforts managed to provide the billboard free of charge and to TRF committee chair Iacovos for the guidance to design the billboard
