

President's message

Being President of Aspelia Rotary Club is not an easy task as the targets and goals are high due to the high standards set by very successful Past Presidents.

The goals of the club this year are:

- To improve membership with the target to sustain old members, to induct new members and to work towards expanding classification.
- To Charter one Rotaract and at least one Interact club.
- To implement projects helping the communities locally and internationally covering all the areas of service.
- To have a twinning in May with a Rotary club in Egypt and in spring with a Greek Rotary club..
- To promote Rotary's image to the Public through the Media and the internet.
- But most importantly to work towards Rotary's International vision in building communities bridging continents

I am confident that with the usual drive, hard work and enthusiasm of all the members of Aspelia we will achieve all above.

Yours in Rotary

Caterina Kalavas
