## Rotary International's efforts on basic education and literacy:

Worldwide, 67 million children have no access to education, and more than 775 million people over the age of 15 are illiterate. Our members support educational projects that provide technology, teacher training, vocational training teams, student meal programs, and low-cost textbooks to communities. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

## Minutes of Club Meeting on Friday, 2nd of September 2016:
