Message to all Rotarians from Ray Kling-smith, chairman of TRF Trustees

I want to tell you how much The Rotary Foundation has grown in the last 40 years to achieve its current level of success and why we should be immensely proud of it.

The Foundation had only three programs in 1975-76 when I was district governor. They were International Scholarships, Group Study Exchange and Matching Grants. The Foundation received contributions of \$8.4 million that year, which was a new and impressive record. But last year, the Foundation received total contributions of \$269 million, about 32 times the amount received 40 years ago.

In 1975-76, the Foundation expended \$5.7 million on its three then existing programs. It is interesting to note that 86 percent of the funds were spent on International Scholarships, with only 13 percent on Group Study Exchange and one percent on Matching Grants. What a change has occurred in response to the preferences of Rotarians!

We now have the PolioPlus program, which has placed Rotary on the world stage with our stunning progress in the eradication of polio. We also have added the Rotary Peace Centers program, which is extremely popular with Rotarians around the world.

But even more striking, we have eliminated all three of the programs that were in place when I was a district governor, and we have replaced them with district grants and global grants, which include scholarships and vocational training teams.

Rotarians are now undertaking larger and more sustainable projects to make the world a better place through the six areas of focus.

In order to celebrate the centennial of the Foundation, our goal is \$300 million! We can do it if more Rotarians fully realize the value of our programs.

I have seen countless projects and activities in which Rotarians are truly improving the lives of so many people with the assistance of The Rotary Foundation. And as Rotarians, we can take great pride in the fact that in making the world a better place, through voluntary efforts, Rotary does it better than any other organization in the world! And we can take even more pride in the fact that our Foundation, as we enter its 100th year, is bigger, better, and bolder than anyone could ever have imagined.

Let us applaud Arch Klumph for starting the best thing that has ever happened in Rotary: The Rotary Foundation!
